Jammu & Kashmir Energy Development Agency(JAKEDA)

Department Of Science & Technology

Govt.Of J&K

OBSERVANCE OF JAN ABHIYAN *(w.e.f 15th to 26th October, 2022)*

BACKGROUND

In reference to Government Order No. 1249-JK(GAD) of 2022 dated 17-10-2022, regarding the fourth phase of “**Back to Village Programme (B2V4)**”, instructions for preparation, under Jan Abhiyan, the Government of UT of J&K issued the list of deliverables to be achieved by the respective departments during **Jan Abhiyan** w.e.f. 15th to 26th October,2022.

Accordingly, the Jammu and Kashmir Energy Development Agency (JAKEDA), Department of Science & Technology, was allocated was allocated a target of Outreach and Training of 10000 Farmers under PM-KUSUM Scheme.

Pertinent to mention here that the PM-KUSUM Scheme broadly covers two types of projects. The first one allows the farmers to install Grid Connected Decentralized Solar Power Plant within the capacity range of 0.5 to 2.0 MW on the barren land banks for sale of power to DISCOMs. The second one entails installation of Subsidized Solar Powered Agriculture Pumps by Farmers for irrigation purpose with a total subsidy of 80% (50% from MNRE and 30% from UT of J&K) of the cost of solar pump.

Accordingly, JAKEDA instructed all its field officers, deputed in various districts of the UT of J&K, to carry out the Training and Awareness Programmes for sensitization of farmers regarding use of solar energy for Powering Irrigation Pumps under PM-KUSUM scheme in their respective districts.

In addition to the above, JAKEDA also conducted two major awareness camps at Districts Budgam and Ganderbal, in collaboration with the respective District Administration and representatives of Agriculture and Horticulture Departments which were attended by mass gatherings of Farmers from all over the districts.

PM-KUSUM Scheme

Taking the flagship Government program to farmers in the country

PM-KUSUM (Pradhan Mantri Kisan Urja Suraksha evam Utthaan Mahabhiyan) Scheme, has been launched by the Ministry of New and Renewable Energy (MNRE) for setting up subsidized solar pumps and distributed solar power plants across the country. It is one of the biggest initiatives in the world to provide clean energy to more than 3.5 million farmers across India.

The date and district wise complete details of the Awareness and Training of the Farmers under the PM-KUSUM Scheme are as follows:-
